

Winters Approvals / Certifying Agencies

CRN (Canadian Registration Number)

The Canadian Registration Number (CRN) is a number issued by each province/territory in Canada to the design of boilers, pressure vessels or fittings. Industrial instrumentation such as pressure gauges, thermometers and related accessories all fall under this jurisdiction. The CRN identifies that the design has been accepted and registered for use in that province/territory. Please refer to the individual product pages to see if a series is CRN registered.

Prov.	Pressure Gauges	Diaphragm Seals	Thermowells	Mini Ball Valves	Needle Valves	Multiport and Block & Bleed Valves	Cooling Towers, Syphons, Snubbers and Test Plugs	WinSMART™/ Transmitters/ Switches	Over-pressure Protector
